

OUR Pediatric Medical Home is All about YOU!

YOUR child's care in our two Pediatric Medical Homes, SAFARI and OUTBACK, is personal and your medical team's purpose is to make sure that your child receives their needed health care.

For minor illnesses, medication refills, completion of paperwork, or test results, you may call 912-435-6633, a clerk will get a message to your child's nurse. Your nurse will contact you the same day for illnesses and within 24 hours for all other concerns.

To get the MOST out of your Pediatric Medical Home visit, BE ACTIVE in *your* child's care. YOU are the most important member of *your* child's healthcare team.

Before your visit

- Create a list of your child's medications to include doses and frequency and any questions you have about them. Also bring information about any care received at other locations. Please bring your child's shot record to all wellness visits.

During your visit

- Provide or verify your child's medical history. Ask questions and share in the decision making process.

After your visit

- Follow your child's care plan and keep your healthcare team informed.

What is a “Medical Home?”

Your Pediatric Medical Home is a new approach to healthcare delivery based on the concept that the patient is always at the center of every decision made regarding their medical care. You receive personalized care that is coordinated by an entire health care team, with a greater support for self-management.

Being part of a Pediatric Medical Home is like having an old-style family doctor, but with a team of professionals, using modern technology and evidence-based medicine to provide your child with the best possible care.

Your Pediatric Medical Home is a team based approach to medical treatment focused on developing a continuous relationship between you and your Pediatrician and/or Pediatric Nurse Practitioner.

Who's on MY healthcare team?

- **YOUR child!**
 - Strive to maintain a healthy lifestyle
 - Give all prescribed medications
 - Write down any questions and bring them to every visit
 - Keep the rest of your team informed of any other providers your child see's outside of your medical home.
- **YOUR Pediatrician and/or Pediatric Nurse Practitioner**
 - Your Pediatrician and/or Pediatric Nurse Practitioner will coordinate all your child's healthcare needs
- **YOUR child's Registered Nurse**
 - Assists your doctor to coordinate your child's care
 - Is available to you via phone and electronic and phone messaging
- **YOUR child's Nurse Case Manager**
 - May contact you and schedule your child for additional preventive or specialized care
